# Recycling Rush

Someone left some empty cups on the lake shore. Dash needs to take them to the recycling center.
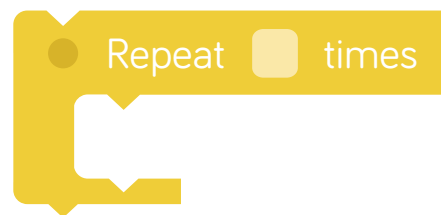

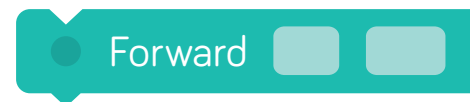

wonder workshop

Materials: 3 cups, tape, ruler

1. Use **tape** to make a **square** on the floor. This is the recycling center. Place the **cups in front of** the recycling center.

cup

2. Program Dash to **push** all of the cups **into** the recycling center. You will need to use some of these blocks:

Turn Right 90   Turn Left 90   Forward

Backward   Repeat   times

3. Hint: To push all the cups into the recycling center, **repeat** these actions **3 times**.
